## Sleepy the Clown, Giggles and Honey Meringue

Sleepy the Clown is excited to return as your emcee for this 11th Circus Club Showcase! This time bringing his whole clown alley, with Giggles and Honey Meringue! Sleepy has been clowning around Manitoba for 30 years. From Churchill to Emerson and on the other side of the world in Dubai and India. [www.sleepythec clown.com](http://www.sleepythec clown.com)

Giggles has been juggling for nearly as long and made her Fringe debut with a solo show in 2023. Giggles and Honey Meringue are mother and daughter and are sure to melt your heart.

## Clowns vs Spies

A team of budding actors unleashes chaos in a circus caper! Giggles the Clown covets a secret box guarded by stern Agent Lucy and her team. Sparking heists, chases, and magical mayhem. It's Clowns vs Spies. What could possibly go wrong?

#### Monique - Spy

After a decades long pause from being onstage, Monique rediscovered the joy of performance with Sacred Flames, learning belly dancing, fire palms, fire fans, and Isis wings. She joined Circus Club to hone her skills with the levi wand and silk fans, and to be inspired by the amazing humans who practice there every week.

#### Jenna - Spy

Jenna's a long-time clown, new performer. She has been a part of the Winnipeg Circus Club for a few years but never in the showcase. She just liked to be able to get a trick right because it was fun or clown around a little with pals, but never a stage act. Until one day, someone said to her, "Y'know, you're just as good at this as anyone up there?" And she thought, "They're right. Maybe I could be a stage clown!" And now she is!

#### Ridiculous-Rox

Rox.C. is a musician and performer known as Ukaladyrox. When she's not jamming, she's busy as Ridiculous-Rox, a dancing, stilt-walking, scarf juggling, hula-hooping clown. Find her at this year's showcase with a very special guest, Louis. Together they will bring the Silly and the Wow! Careful not to blink. You may miss the magic!

## Tait and Manna

Tait continues to find new people to collaborate with and shines every time! Tait is an accomplished magician and juggler, always amazing. This year he has teamed up with our new hacky sack champion Manna. With Tait's two hands and Manna's two feet, something magical has been created.

## Darby

Ever-changing and constantly evolving, Darby Jones is an eccentric ball of unique energy. Darby joined the Winnipeg Circus Club a few years ago and discovered a passion for spinning poi and stilt walking. Under the mentorship of the circus community, he picked up both skills naturally. While he continues to work on his rhythm, his focus on combining these talents radiates abundantly. When Darby isn't practicing his circus skills, he can often be found dancing to his own beat or leading group songs at music festivals and caring for his large family.

### Myrrhlin

A regular attendee of the Winnipeg Circus Club as well as the festival and EDM scene in Manitoba, Myrrhlin has been spinning the staff for over 8 years and has performed at local festivals such as Bring Your Love and Bass & Unity. Whether with fire or LEDs, be prepared for a dazzling array of colourful lights, patterns, and images when he hits the stage!

### SJ

SJ's flow arts journey has evolved over the past year. Navigating health challenges and life's shifting circumstances invited them to slow down and reconnect with what flow truly means. What began as skill-building has transformed into something softer and more powerful: a playful, non-judgmental space to rebuild their relationship with themselves.

Passionate about connection and community, SJ is actively involved in Winnipeg's music and festival scene, performing on stage and in festival spaces alike.

If movement & mindfulness is medicine, this community is exactly what the doctor ordered

### Karrie Blackburn

Karrie has been exploring hula hooping and circus arts since 2009. A longtime supporter of the Winnipeg Circus Club, she spent ten years on the board and coordinated seven showcases before stepping back into the role of enthusiastic club member. Through Kurrent Motion Hoops, she continues to make and sell handcrafted hoops and facilitate play at community events. When Karrie is not twirling hoops, you will probably find her passionately advocating for composting—proof that she really does love circles in all their forms.

## Act 2

### Araucaria

Araucaria is a talented contact juggler with more than fifteen years experience, and a journeyman slinky manipulator. Recently they have been making their living as a living statue in Victoria BC: THE SILVER SORCERER.

### Charla and Sage

Sage (they/them) and Charla (she/her) are a child and mother duo who both love aerial dance and stiltng. Sage also does contortion and Charla likes to challenge herself with a jumprope. Both hope to entertain you with their antics.

### Lucrezia Loops

Lucrezia Loops has been spinning in circles since the very beginning. A multifaceted lifelong performer and athlete who adds dance and flow to their routine every day, in any way they can.

### Vincent

Vincent Champagne is a veteran performer of the circus arts club. He is a juggler, balloon maker and fire spinner. Vincent is also an artist and author of the Stroke of luck trilogy.

### Mr. Strange

Mr. Strange is a veteran performer and teacher whose work spans burlesque, flow art, and the avant-garde, with an emphasis on powerful emotional landscapes. Through movement and atmosphere, his performances create moments that are deeply evocative and visually striking. His work has been seen across multiple cities and provinces, including a standout appearance at the Disabilitease Festival in Minneapolis in 2025. At its core, his artistry invites audiences to celebrate their uniqueness in all its beautiful colours. Never be afraid to be strange.

## Aidan

Aidan first joined the Winnipeg Circus Club over 10 years ago, this year will be his fourth performance in the WCC annual showcase. He first started juggling because he had no one to play catch with. Today, he will show you just how fun it is to play catch alone.

## Dr Von Houligan

After a journey that took him to the far reaches of the world, Dr Von Houligan finally understood how the magic really worked. Since then, the good Dr has been bringing that knowledge to his show and has been entertaining folks all over the world. From Paris to Las Vegas to New Zealand, Dr. Von Houligan has been bringing joy and amazement to the world since 2007.

He has a unique style that hails from the 1920's, with a dash of flamboyancy. He lives from his steamer trunks full of props and is ready to realize a show at the drop of a hat. Escapes from all styles of restraints, juggles in the strangest ways, smells like cotton candy and can live off popcorn for weeks.

He is Dr Von Houligan!
